## **How to save 55% in annual recruitment spend using Direct Hire Recruitment Software**

Research shows that over 60% of all new hires of companies that use Direct Hire Recruitment Software, are sourced directly through clients' careers Web sites. In addition, clients have indicated that the number of direct applications that come through the company's Direct Hire careers page is on par with popular job portals; and that their time to hire and total recruitment spend have been reduced by as much as 47% and 55% respectively due to the effectiveness of Direct Hire's features. This has resulted in a substantial return on investment for these organisations.

The below infographic illustrates how Direct Hire Recruitment Software saves companies money and ensures a big ROI:
