

PRESS RELEASE

MCI and Objectway announce exclusive collaboration

Johannesburg, March 13th, 2018 - Objectway and MCI Consultants are pleased to announce an exclusive collaboration to offer attractive, globally recognised and best-of-breed software solutions for the Wealth, Investment and Asset Management Market in South Africa.

Objectway is a TOP-100 global FinTech provider and a leader in the wealth and investment management software industry in Europe.

MCI is a South African company with over 20 years' experience in the South African market and provides a holistic service through internally developing and tailoring business solutions to meet specific client requirements.

“The combination of our companies' products and services provide an exciting new wealth management solution and service offering for this evolving South African market” commented Aliko Droussiotis, Director at MCI.

About MCI

MCI is a dynamic business information systems consulting firm based in Johannesburg, South Africa specialising in providing IT solutions to medium and large companies across various industries in South Africa, Africa and abroad. MCI's superior performance and reputation is attributable to their passionate, dedicated team and dynamic skill pool of 45 consultants. MCI has served as a primary solution provider within the financial markets since 1992, providing mission-critical software and IT services to institutions in virtually every segment of the financial services industry.

About Objectway

Objectway is a leading provider of financial software and digital solutions to the worldwide financial services industry, with clients in 15 countries. Its award-winning software platforms are the trusted choice of leading wealth and investment management firms across the globe - from EMEA to Canada to Central America. From its offices in Italy, the UK, Belgium, Ireland and South Africa, Objectway has more than 600 employees supporting approximately 100,000 investment professionals to manage more than one trillion euros in wealth.
