

**FOR IMMEDIATE RELEASE**

## **MCI Consultants conforms TradeCIS to A2X's trading interface**

MCI Consultants today announced that it has conformed its trading software, TradeCIS to A2X's low latency native trading interface.

This positions MCI well to support both its new and existing clients looking to transact on A2X from the start. A2X Markets is a newly licenced equity exchange which is on track to go-live on 6 October 2017.

A2X's CTO Neal Lawrence says "We are really pleased to have MCI's trading platform conformed, they are one of our early adopters."

The introduction of competition into the market bodes well for all participants who should benefit from reduced transactional costs and greater liquidity.

"We are excited about what this will bring to the market and look forward to continuing to offer our clients greater choice in execution venues for their trades." commented Jan Rabbets, Business Partner at MCI.

For further information, please contact Jan Rabbets, MCI: tel: 011 454-3420, fax: 011 454-3417, e-mail [j.rabbets@mci.co.za](mailto:j.rabbets@mci.co.za).
