MCI continues to grow its Direct Hire base

MCI Consultants today announced that it continues to grow its Direct Hire base locally as well as elsewhere around the globe.

“In addition to our various international activities, we have also added Adams & Adams, a South African law firm; Saratoga Software Solutions, a professional services business; Software Architects International; and, Yum Restaurants! International SA, the fast food operator; to our local Direct Hire client list,” commented Rhett Davies, a Business Partner at MCI Consultants. “The interest in this software and the SaaS model that goes with it, continues to grow apace as more and more organisations see the need for a recruitment system that they can run themselves.”

Direct Hire is a powerful, versatile and easy to use e-Recruitment solution for medium-sized and large organisations that has been specifically designed and developed by MCI Consultants to automate the requisition-to-hire process for HR departments.
