

FOR IMMEDIATE RELEASE

MCI makes inroads into the Central and South American markets

MCI Consultants today announced that it has extended its Software-as-a-Service (SaaS) solutions into several Central and South American countries.

“We have recently implemented our SaaS solutions in Argentina, Chile, Brazil and Mexico,” commented Aliko Droussiotis, a Director of MCI Consultants. For these countries we have translated the ‘front-end’ of these solutions into Spanish and hope that this will create new opportunities for us in these countries going forward.”

“This expansion into Central and South America complements our similar activities in Saudi Arabia and the Middle East region,” continued Droussiotis, “and, in addition, we are also working on projects in Australia.”

“The benefit of providing SaaS solutions is that they are not geographically restrained or support intensive and thus, we are able to continue to support them from South Africa,” concluded Droussiotis. “Our clients and potential clients are realising that utilising SaaS solutions has many advantages for them and thus, the provision of more and more SaaS solutions, is becoming a key activity for us going forward.”

For further information, please contact Aliko Droussiotis, MCI: tel 011 454-3420, fax 011 454-3417, e-mail aliki@mci.co.za

Editor’s note
